

Dear Mike and Stella

Just a note of thanks, for the wonderful experience of the Waveform courses.

The course itself is quite unique, I don't know how you'd begin to describe it. You created such a wonderful atmosphere that was so relaxed, non-threatening and fully supportive.

Working as an Acupuncturist the Waveform experience has changed my practice.

I could never have hoped to have been as attuned as sensitively to energy as I am. The finding of points is taken into another dimension, I hope to do any future courses with you so please keep in touch.

With best wishes.

Chris
