## 'Stepping into Mastery'

With Mike Webster

### **Training in Waveform is divided into two parts - A and B**

Part A consists of 4 days training in 2x2 day modules with a days break in between them. (Part B is a 2 day module to be held at a later date)

#### **Part A module 1**

##### **Moving beyond the perceived limits of the five senses**

##### **(Perceiving Universal energy)**

This first practical module demonstrates that, not only can you access energy in different ways and create changes, but you can also create significant changes in the energy field that someone else can feel. This workshop also reveals to you, your own personal internal programming which can reduce your potential in life. Our coaches will help you move beyond this limitation and towards your own personal realisation, your potential for greater achievement, and a new perception of life.

#### **Part A module 2**

##### **Integration into life**

(Applying your Energetic Skills and identifying information from your subconscious) - This workshop has two outcomes;

- 1) Applying the practical aspects of your new energetic skills into relationships, business and life in general, and recognising what you really want out of life.
- 2) Increasing your awareness of energetic change, and the information it imparts to you, which improves your ability to tune in to exactly what the body/mind needs here and now.

**Venue** By Loch Lomond – Scotland.

**10am-5pm four days, £395 which includes refreshments, and all course materials.** Applications to: Energy Masters, The Old House, Cameron Farm, Alexandria G83 8QZ - 01389 751502 email [Mike@energymasters.co.uk](mailto:Mike@energymasters.co.uk)
